Orlando, FL | (248) 605-5264 | vfrtist@aol.com | vfrtist.github.io/Vince_Resume_Projects/

EDUCATION

Bellevue University - Software Development B.S.

May 2025

IADT Detroit – Fashion Design B.A.

February 2014

EXPERIENCE

Disney

May 2016 - Present

Costume CAM Specialist

- Designed, verified, and approved technical configuration specs that guarantee standards-compliant output across global properties.
- Managed and designed Excel-based interfaces and intake forms that standardize and automate manual workflows, reducing errors and ensuring quality

Client Relations Liaison

- Partnered internally to diagnose and resolve functional issues, isolating root causes and implementing solutions and rollout strategies.
- Made decisions based on multiple sources of truth balancing financial, timeline, and perception needs and wants.

Design Lead

- Concepted and developed new products under budget and within deadlines through iterative sprints.
- Provided solutions for technical requirements, based on client needs.

SKILLS

- **Computer Languages:** HTML, CSS, Javascript, React, Typescript, SQL, NextJS, C#/Unity, Java, Python, PHP
- **Tools:** Illustrator, Photoshop, SAP, Microsoft Excel, Microsoft Word, Microsoft Powerpoint.
- **Skills:** GitHub, version control practice, logo design, UX/UI focus.

PROJECTS

Gym Buddy – React

- Mobile first design, build with JS/DOM logic for safe and effective workouts with a focus on user experience, including tailored settings.
- <https://vfrtist.github.io/GymBuddy/>

MySQL Writing Utility - Python

- Data handler tool for record structuring and ease of access to SQL through Python.
- <https://vfrtist.github.io/PythonSQLUtility>

BORD Construction Calculator – Next JS, React, Supabase (in progress)

- Calculates wood construction into cut plans that solve the bin-packing problem, using remained-based, linked line lists and best-fit heuristics.
- Authorization and database through Supabase for a modern, fully representative tech stack.

CERTIFICATIONS

- **One Trust Cookie Consent** – In progress
